

Song Title:

Fire

Artist:

Alex Clare

Album

Rebuild Again

Where did the fire go; the strong wood that burned years ago? It's just an ember that glows. It's not too hard to bear the love we share. Eyes closed but my heart is open 'cuz I've been lost, I've been broken; won't put my faith in flesh and blood, I need to feel real love. Darkness is just an illusion, same as pain and confusion. There's a flame; still glows. There's a light that grows. Keep the fire burning on

Where
Did the fire go
The strong wood that
burned years ago

It's just an ember
That glows
It's an ember
That glows

It's not too hard to bear
The love we share
The love we share

It's not too hard to bear
The love we share
The love we share

Eyes closed but my heart is
open
'Cuz I've been lost
I've been broken

Won't put my faith in flesh
and blood
I need to feel
Real love
Real love

#INSTRUMENTAL
(Real love)
(Real love)
#INSTRUMENTAL

Darkness is just an illusion
Same as pain and confusion

There's a flame
Still glows
There's a light
That grows

And it's not too hard to bear
The love we share
The love we share

It's not too hard to bear
The love we share
The love we share

Eyes closed but my heart is
open
Cuz I've been lost
I've been broken

Won't put my faith in flesh
and blood
I need to feel
Real love
Real love

Keep the fire burning
Keep the fire burning
Keep the fire burning on

Keep the fire burning
Keep the fire burning
Keep the fire burning on

Keep the fire burning
Keep the fire burning
Keep the fire burning on

Keep the fire burning
Keep the fire burning
Keep the fire burning on
