I look out the window
Gaze at the stars
Hoping it will happen
He can't be too far
B'itoh achisheno
His time's overdue
We've been waiting for a while
Now he's waiting for you
He's waiting for you, you, you
Tut altz, tut altz

Reflecting back at you
The future's begging
Do all that you can do

Now he's waiting for you
Now he's waiting for you, you, you
