I have faith in Hashem pure faith only good comes from His hand even
when I don't understand I'm not traveling this path alone I know You'll
never leave me on my own You put Your faith in me each day and trust
that I will find my way I know that it's all from You all the joy and the
hardships too You have a plan and it's all from love and so I put my faith
in You Emunah Pshuta
